A Journey Through Thailand

Welcome.

Over the past months and the team at The Norm have travelled across Thailand – from the mountains of the North to the shores of the South – meeting farmers, producers, craftspeople and local communities along the way.

We set out to learn, to listen, and to better understand the ingredients, traditions and landscapes that shape this remarkable country. Along the journey, we gathered exceptional produce, unique stories and new perspectives that have inspired every drink in this menu.

The result is a collection of cocktails that reflects the diversity, beauty and character of Thailand through flavour, technique.

We hope these creations offer more than a drink. We hope they invite you on a journey – one that celebrates the places, people and ingredients that make Thailand so extraordinary.

Welcome to The Norm

SOBER MOCKTAIL

Crafted with the same thoughtfulness as our spirited serves, shaped for moments when you want ease or clarity. Each one is designed to feel complete, grounded in balance and intention.
